TEST DIRECTIONS: This test will be a measure of your ability to read and follow directions. You are to choose one correct answer for each of the following questions. Your answers should be placed in the space provided to the left of the questions of this test unless you are directed to do otherwise. There will be $\frac{1}{4}$ point subtracted from the total number of correct answers to calculate your test score. Read the entire test (all questions) before you begin to answer any of the questions. You will have 20 minutes to answer the 20 questions.

- _____ 1. Multiply 4 x 15.
- _____ 2. Place three triangles above your name.
- _____ 3. Divide the result of questions #1 by 3 and then by 2.
- _____ 4. Draw a circle around each of the triangles.
- _____ 5. Subtract the result of question #1 by 50.
- _____ 6. Is the answer to #6 the same as the answer to #3? (Yes or No)
- _____ 7. Is New York called the Garden State? (Yes or No)
